

Montgomery College Project Management Certificate Electives Fall 2025

Course Title	Course #	CRN#	Description	Cost	Schedule
Handling Conflicts on Project Teams	PMC047	24187	Conflict is a natural occurrence when people work on teams - in fact, it is an aspect of one stage of team development. This conflict can negatively impact project success. This course prepares the project management professional to understand and manage conflict on project teams. You will gain an understanding of the strategies and skills that result in resolution as well as prevention methods.	\$165 (Tuition: \$75 + Fee: \$90; NMR add \$120)	Asynchronous <i>(you may register now and do the class at your pace but needs to be completed by 12/18/2025)</i> (Self-paced via Blackboard)
Consonant Leadership- Leading Authentically According to your Values	PMC050	24940	In this class you will learn a new process for developing an effective yet authentic leadership approach all your own—base on your values. The process is called Consonant Leadership because it is designed to help you create alignment between who you want to be as a leader and how you act as a leader—so that your leadership values and behaviors are in harmony	\$179 (Tuition: \$85 + Fee: \$94; NMR add \$120)	Oct 6. – Oct. 8 M,W: 6-9 pm 6 hours (SR)
Increasing Influence for Project Managers	PMC043	24182	Influence is the ability to have an effect on someone or something. Influence is used by project leaders throughout all phases of a project. Individuals can actively strengthen their influence to be more successful in the work environment- whether at the leadership level or not. This course will define influence, review how influence can be used on projects, discuss sources of influence, and provide practical tips on how to strengthen your own influence within the project environment.	\$165 (Tuition: \$75 + Fee: \$90; NMR add \$120)	Oct. 6 - Oct. 10 M,W: 6-8:30 pm 5 hours (SR)
The Coach Leader: Lead More Effectively with a Proven Coaching Approach	PMC048	24941	There has been a lot of buzz about leaders and project managers using coaching techniques to lead and inspire their team members. And this is for a good reason. Research shows that coaching is one of the most effective approaches for increasing employee engagement and motivation. In this class you will learn techniques to coach your team members and employees toward the successful completion of tasks and achievement of goals.	\$179 (Tuition: \$85 + Fee: \$94; NMR add \$120)	Oct 20-Oct 22 M,W: 6-9 pm 6 hours (SR)

Date Denotations: M-Monday, T-Tuesday, W-Wednesday, R-Thursday, F-Friday, S-Saturday, U-Sunday

All information, availability, schedule, and costs are subject to change without notice.

Structured Remote (SR) courses are online courses that will meet at a designated meeting date and time, live with your instructor. Asynchronous courses will be self-paced via Blackboard.

NMR=Non-Maryland Residents

Budgeting Essentials for Project Managers (New)	PMC051	24601	This introductory course equips project managers with foundational budgeting skills critical to planning, managing, and controlling project finances. Through practical exercises and real-world examples, participants will gain confidence in developing accurate budgets and monitoring project costs.	\$165 (Tuition: \$75 + Fee: \$90; NMR add \$120)	Oct. 20 - Oct. 22 M,W: 6-8:30 pm 5 hours (SR)
Introduction to Six Sigma	PMC049	24188	A comprehensive course providing a foundational understanding of the principles, methodologies, and tools that underpin the Six Sigma approach to process improvement. Through a combination of interactive lectures, practical exercises, and real-world examples, you will gain insights into how Six Sigma can enhance operational efficiency, reduce variability, and drive sustainable quality improvements within various organizational contexts.	\$165 (Tuition: \$75 + Fee: \$90; NMR add \$120)	Oct. 27– Oct. 29 M,W: 6-8:30 pm 5 hours (SR)
AI for Project Management (New)	PMC052	24602	This elective offers a high-level overview of Artificial Intelligence (AI) and its rapidly evolving role in the field of project management. This class demystifies key AI concepts and explores practical applications that enhance project planning, decision-making, risk management, team collaboration, and productivity. Participants will leave with insight into how AI can be strategically leveraged to drive project success.	\$165 (Tuition: \$75 + Fee: \$90; NMR add \$120)	Nov. 3 – Nov. 5 M,W: 6-8:30 pm 5 hours
Strengthening Effective Communication on Projects	PMC044	24183	This course provides a basic understanding of the fundamentals of effective communication and reviews how communication can help lead to project success. Everyone involved in projects can benefit from strengthening their ability to effectively communicate. Topics covered include active listening, audience identification, purpose definition, and effective delivery. Through instruction, hands on exercises, and class discussions, these skills will be strengthened for the project environment.	\$165 (Tuition: \$75 + Fee: \$90; NMR add \$120)	Nov 10-Nov 12 M,W: 6-8:30 pm 5 hours (SR)
Sustaining Resilience on Projects and Life	PMC045	24186	This course provides insight into what makes people resilient. The inherent risk of project environments requires resiliency. Insight and practical application opportunities will be provided to help participants strengthen their resilience and ensure they can sustain it over a long period. Lessons learned from the pandemic will also be considered.	\$165 (Tuition: \$75 + Fee: \$90; NMR add \$120)	Dec 1 – Dec 3 M,W: 6-8:30 pm 5 hours (SR)

The remaining upcoming Course Schedule can be reviewed on the [Project Management Flyer](#) posted on the Montgomery College website.
